Learning Objectives

After this session, attendees should be able to:

1. Explain the importance of incentive measures and quality programs for EOCCO.
2. Summarize EOCCO's 2025 quality measure performance.
3. Describe one quality initiative implemented by an Eastern Oregon clinic.

Agenda

Statewide CCO Metrics Program

EOCCO 2025 Measure Performance

7. Well-Care Visits, Ages 3-6*
8. Child-level Social Emotional Health

Clinical Quality Measures

9. Depression Screening and Follow-up
10. Diabetes HbA1c Poor Control*

Chart Review/Hybrid Measures

11. Timeliness of Postpartum Care*
12. Meaningful Language Access to Culturally Responsive Health Care Services
13. SDOH: Social Needs Screening & Referral

***2025 Challenge Pool Metric**

EOCCO 2025 Measure Performance

Incentive Measure	2025 Target	2025 Final Rate	Performance
Childhood Immunization Status	68.0%	63.1%	✗
Immunizations for Adolescents	38.8%	38.8%	✓
Well Child Visits: 3-6^	70.2%	70.5%	✓
Preventive Dental Services: 1-5^	60.6%	63.5%	✓
Preventive Dental Services: 6-14^	67.3%	69.3%	--
Oral Eval for Adults with Diabetes	32.6%	29.1%	✗
Assessments for Children in DHS Custody	93.2%	96.3%	✓
IET: Initiation	38.8%	36.3%	✗
IET: Engagement	15.5%	13.6%	--
Child-Level Social Emotional Health	3.9%	3.7%	✗
Postpartum Care^	82.6%	83.0%	✓
Meaningful Language Access	16.0%	8.0%	✗
Social Needs Screening & Referral (SDOH)	90% reporting completeness	Reporting: 99.9% Screening: 26.2% Referral: 51.4%	✓
Depression Screening	71.2%	75.3%	✓
Diabetes HbA1c Poor Control^	20.0%	18.3%	✓

8 of 13 measure targets achieved

4 of 4 Challenge Pool targets achieved

102.3% of Quality Pool funds earned

Changes in Statewide Quality Pool Funding

- Quality Pool (QP) is funded by percentage of capitation and maternity case rate payments made to CCOs
 - Higher percentage = larger Quality Pool
- CCOs have a maximum earnable amount based on membership & capitation and maternity payments

Historic percentage allocated to Statewide Quality Pool:

2013 – 2025 Quality Pool Earnings

*Dollar amounts are pre-MCO tax

Impact of Quality Pool Changes

- What these changes do not mean for EOCCO:
 - Reduced effort on incentive measures or population health initiatives
- What these changes do mean for EOCCO:

Increased focus on quality improvement & meeting measure targets

Prioritization of initiatives impacting multiple measures, populations, or priority areas

Quality Initiative Highlights

Yakima Valley Farm Workers Clinic – Gap List Scrubbing

- Organization: Yakima Valley Farm Workers Clinic Family Medical Center (Walla Walla) & Mirasol Family Health Center (Hermiston)
- Process:
 - Staff reviews EOCCO gap lists for *Well-Child Visits* & prior diagnosis list for *Social Emotional Health* & flags overlap
 - Clinics schedule well-visits, social-emotional issue-focused service, or both
 - Increased collaboration between Primary Care & Behavioral Health Consultants ensures proper coding
- Outcome:
 - Quantitative data pending!
 - More efficient outreach process & better patient/parent experience

6. Child and adolescent well-care visits outreach list				
Yakima Valley Farm Workers Clinic - Hermiston				
Reporting Period: Calendar year 2026, with claims and data received through July 2026				
Months Since Last Visit	First Name	Last Name	Birth Date	Gender
69				M
48				F
48				M
46				F
44				
39				

17. Social-Emotional Intervention/Treatment outreach members with prior diagnosis					
Yakima Valley Farm Workers Clinic - Hermiston					
Reporting Period: Calendar year 2026, with claims and data received through July 2026					
Months Since Last Service/Intervention	Diagnosis	Most Recent Diagnosis Date	First Name	Last Name	Birth Date
No Service/Intervention	F32.2				
No Service/Intervention	F41.8				
No Service/Intervention	F41.8				
No Service/Intervention	F43.0				
No Service/Intervention	F43.0				
No Service/Intervention	F43.0				
13	F43.10				
20	F43.20				

– First Tooth Training & Integration

- Organization: Harney District Hospital Family Care

- Process:
 - Clinic facilitates First Tooth trainings for staff
 - MAs scrub charts before scheduled well-visits to ID patients due for fluoride varnish
 - MAs & providers integrate First Tooth screenings & fluoride application into well-visits
- Outcome:
 - ← ○ Consistent improvement on Preventive Dental measure over time
 - Increased access to dental care for pediatric patients

– Processes to Reduce No-Shows

- Organization: Valley Family Health Care
- Process:
 - Clinic uses Well App automated patient reminders, personalized outreach, EHR flags, & CHW services to document and address visit no-shows
 - Special considerations for BH and pediatric patients
- Outcome:
 - Flexible “no wrong doors” approach addresses patients’ unique circumstances
 - Patients are given multiple chances to address barriers to care before being placed on walk-in status

First No-Show:

- Well App message sent with rescheduling instructions and info on CHW support
- Missed appointment flag added to EHR

Second No-Show:

- Assigned CHW reviews patient info, performs outreach, and documents barriers

Third No-Show:

- Practice Manager and provider are informed and walk-in status decided
- CHW further assesses barriers to visit adherence
