- 13. Cigarette Smoking Prevalence
- 14. SBIRT

DISCUSSION

CBI FUNDING UPDATES

Projects:

- Loan Closet – (Darrin Umbarger) – We are still open. We are selling some of our inventory to make ends meet and to pay the bills.
- Conscience Discipline Training (Erin Bartsch) – Summer Institute went well for 10 spots via virtual platform.
- Public Health (Amanda Walsborn) – Youth assessments have not begun yet. We are still waiting on funding opportunities.
- Martha’s House (Angela) – We have been working with CHW’s from the hospital. That has been going well. We are hoping to develop a training program for peer mentors to help at Martha’s House. We understand that peer mentors who have been able to overcome similar or the same experiences are able to better relate to those in the program.
- Veggies Program (Angie Treadwell) – Continuing to help families with good success in Hermiston, Pendleton, and Yellowhawk locations.

DISCUSSION

PROVIDER UPDATES:

- Jessica Reker - (Good Shepherd Hospital) formerly Community Health Educator will be taking over the position Director of Education as July Gregory will be retiring.
- Heidi Sipe – Not all parents have help with schooling their children online. We are learning that parents are needing support. If you know of a Mental Health Professional that would like to participate let me know. We would like to get a counselor involved if we can.
- Julie Smith – We should be up and going by the first week of school. If you have students who have not been contacted, please have the parents call the school. We are implementing extending wifi for students who might not have access to the internet.
- Catie Breneman – We were able to serve parents and families by offering more support in their homes.

ACTION ITEMS	PERSON RESPONSIBLE	DEADLINE

Next meeting scheduled for September 18th via Google Meet
