Community Resource Guide for Social Determinant of Health
Resources/Services: **Food, Housing, Transportation**

About

The Social Determinants of Health (SDoH) are the social, the economic, and the environmental (place you live) factors that affect peoples' health and well-being.

This **Eastern Oregon Community Resource Guide** has been developed to support health care providers, community partners, and EOCCO members in identifying **food, housing, and transportation** resources that exist in their county. Needs related to food, housing, and transportation are the most prevalent social needs among Oregon Health Plan (OHP) members in Eastern Oregon, and across the state of Oregon.

If you notice an organization that is missing or if you have any edits or changes to the information included in this Community Resource Guide, please email:

EOCCOmetrics@modahealth.com. Thank you!

What is Unite Us?

Unite Us (Connect Oregon) is a coordinated network of health and social service organizations connected through a shared web-based technology platform. In Unite Us (Connect Oregon) organizations can send and receive electronic referrals to address people's social needs. If an organization in this Community Resource Guide is using Unite Us, it will be listed as "Yes" in the **On Unite Us?** box.
