### *Unite Us Introduction and Backstory*

#### Slides 4 - 9

**Overview:** Unite Us was founded by Dan Brillman and Taylor Justice, both former military service members, in 2013 who noticed a gap in connection between healthcare providers and social care organizations looking to serve the often multi-faceted needs of other veterans. For nearly a decade, Dan and Taylor have worked tirelessly to expand the coverage and services offered by Unite Us to better meet the growing needs of our communities and country.

## ***Health Happens in the Community***

### **Slides 10 - 15**

*Overview:* Community frameworks, social and environmental interventions, and tracking outcomes have been long-standing facets to improving lives and building healthier futures in countless communities throughout the history of public health. Studies and data show that most effective factors in improving overall health outcomes are social and economic and health behaviors.

## ***Platform Overview***

### **Slides 16 - 22**

*Overview:* Unite Us takes security and privacy seriously, and protects client information by maintaining the highest industry and platform standards, and never shares client data without consent. The Unite Us referral-based platform gives organizations and communities of all sizes the ability to be informed about client outcomes, the knowledge of real-time available local resources, and the comfort of knowing their client can be served by in-platform organizations.

## ***Network Health in Eastern Oregon***

### **Slides 23 - 35**

*Overview:* Launching in April 2022 in Baker, Gillam, Morrow, Sherman, Umatilla, Union, Wheeler, Wallowa, and completely in Grant, Harney, Lake, Malheur in July, the Eastern Oregon CCO regional network is a new and inspiring landscape for change and opportunity. Strong partner-to-partner relationships are integral to the success of rural networks, and Unite Us and EOCCO continue to work together to that end.

## ***Interoperability: Current and Upcoming Features***

### **Slides 36 - 42**

*Overview:* Unite Us offers a wide array of tools and resources to support various healthcare systems, plans, partners, and providers across the country; this includes offering integrations with priority EHRs/EMRs like Epic, eClinicalWorks, and Cerner. Unite Us works with our EHR partners to be responsive to the needs of our users, and consistently works to push the needle forward improving the bi-directional functionality and technical writeback between these two systems.
