<b>DISCUSSION</b>	<b>Community Health Assessment-Focus Group Recruitment (Jill Boyd)</b>
	<ul style="list-style-type: none"> <li>Amanda sent an email with link for participation in the 2018 EOCCO Community Health</li> </ul>

Assessment Focus Groups. In an effort to compliment the current CHA work occurring in public health, early learning and Critical Access Hospitals (St. Al's) the EOCCO/GOBHI field team is recommending a qualitative approach to meeting the OHA CCO requirements for a completed CHA by June 2019.

- Interested participants to the focus group will need to complete the information from the email link sent to all LCAC members last week, we will put together a list of participants from different sectors that provide a service (health, safety, environmental, economic) to Baker County, select a data/time and location of focus groups and will provide a \$25 gift card as thanks
- If an individual cannot participate but wants to have someone from their organization participate, please forward the email link to anyone who might be interested
- Focus group analysis will be shared by county and CCO with any/all interested parties upon completion of all 24 focus groups in the EOCCO region
- For more information, please contact Amanda Grove: [amanda.grove@gobhi.net](mailto:amanda.grove@gobhi.net) or Jill Boyd: [jill.boyd@gobhi.net](mailto:jill.boyd@gobhi.net)

**DISCUSSION/ACTION | 2018 LCAC Funds Update (Amanda Grove)**

2018 LCAC application has been approved with contingencies, they are as follows:

- Living Well Classes: Request that there is only one agency responsible for contractual oversight fund distribution and management of Living Well Classes in the regional collaborative (Union, Baker and Wallowa); NEON will serve as this agency.
- Rides to Wellness Pilot: Request that transportation vouchers do not overlap with the EOCCO Brokerage services available to OHP members and are tracked effectively to support non-medical (SDofH) and medical transportation services to Baker County citizens; Amanda Grove and Mary Jo Carpenter (CCNO) have revised the project plan and submitted for approval in April 2018. Approval is currently pending by OHSU/EOCCO Board of Directors Sub-Committee Director Chuck Hoffmann
- Other CBIR LCAC project updates include changes to the NDNW Affordable Housing Program (no contingencies needed) and we will know more from NDNW and CCNO in the upcoming months
- With the pending contingencies from OHSU, the first round of funding for the LCAC CBIR funds will most likely not be distributed in time to fund the first project outlined in the CBIR application, the Baker County Community Health Fair.
  - Amanda would like to request the LCAC to approve the utilization of the LCAC Support Funds to financially support the Baker County Community Health Fair for 2018 until the LCAC CBIR funding has been distributed by OHSU.
  - **FORMAL MOTION** by Tammy to approve the use of the LCAC Support Funds as “transitional” funding to use toward the Baker County Community Health Fair until CIBR funds are distributed. Toni Bennett seconds this motion. No further discussion. **Approved unanimously.**

Baker County Community Health Fair Planning Update:

- Amanda presented the Health Fair schematic with diagram of booths at Baker High School. We have use of the gym hallway entrance, the small gym and commons for the Health Fair
- If janitorial services are unavailable or if we need to rent tables and chairs, organizations hosting a booth may have to set-up and break-down their own tables and chairs
- Nation Honor Society kids will hand out food as their fundraiser
- Food is being catered by D&J Tacos
- Passport will be picked up and returned for raffle at main intake table, along with participant's meal ticket
- School based Health Center will have a booth near their exam rooms and students can give tours of the SBHC
- So far, 23 organizations are participating in Health Fair

- Discussion of having a “day-of” manager to oversee the logistics the day of the event
- Discussion of raffle items and incentives also included:
  - Bicycles (adult and children bikes) or gift certificate to bike shop
  - Long board with helmet and pads
  - Fitbits
  - Blenders
  - Healthy cooking baskets
  - Farmers market vouchers/Co-op gift certificates
  - YMCA membership passes
  - Gift certificate to local restaurants
  - Eyewear/sunglasses
  - Coolers
  - Sonicare toothbrush (adults and children)
- We will purchase swag bags and other goodies for participants to carry promotional materials from different organizations booths

**DISCUSSION**

**2017 Tobacco Cessation Carryover Funds/Final Report**

- Tobacco Cessation focus groups were completed in November 2017; focus group reports indicate the need for additional training around tobacco cessation; programs include
  - CHW NEON training in May (NEON coordinating)
  - University of Massachusetts Training for certified Tobacco Treatment Specialist (TTS) Core Training; Will need commitments from community organizations to have trainer come to Baker County
  - Promotion at AWC event and May 5<sup>th</sup> Health Fair
- Will need to identify key players and allocate funds by May 31<sup>st</sup> for final report due June 14<sup>th</sup>

**Next meeting scheduled for May 1, 2018 12:00pm at Community Connections**
