Approval of December Minutes- Tabled

Public Comment: This time is for EOCCO members or their representatives to ask questions to, provide feedback for, or express concerns about the EOCCO, GOBHI, MODA, or any other related entities.

- Angie Peters has been noticing a theme when picking up clients in facilities and in-home facilities, the staff of the facility tend to not know the proper way to load and un-load clients in a safe and respectful manor. Angie will let the Oregon Project Independence know the dilemma. Other LCAC participants are interested in attending future trainings and would like to know more. Angie will send out some information.
- A member with an Autistic 5-year-old has meet many barriers while trying to combined her daughters ABA therapy and her school therapy. They have an awesome teacher

and Paraeducator who are working with the GOBHI ABA therapist to make sure she has consistent and valuable therapy.

- The Warming Station has had many growing pains and is ranging from 8 to 16 folks every night. The space is tight, bathroom lines are long and there are some challenges with personalities, but solutions are found, and everyone makes it work. There are many volunteers coming during the day to help clean and keep up with laundry. There is usually one volunteer training a week and the community has been helping financially and with supplies!

#### Incentive Measure Progress Report-Amanda Grove:

We met the adolescent well care visit and the ED utilization incentive metrics!! There will be one more report that will complete the years metrics. The GRH Walk-in clinic is working on intake, provider usage and many other things to work on the ED utilization metric.

#### CBIR Budget Review & Approval:

Some discussion about allocating a bit more money to stretch the mentoring program a bit farther. Amanda and Cami will work on a contingency plan if there are R2W dilemmas. We also need to pay attention to our Incentive Metrics fund allocation. The provider meetings could meet at the Transit to save on cost.

Angie Peters moves to reallocate \$1000 from provider meetings and \$500 from CHARM to the mentoring program and approving the attached budget with those additions. Second made by Lisa Ladendorff. Motion Passed!

#### Membership List Update/2019 Elections- Discussion:

If you are a member and would like to keep being a member, you do not need to reapply as long as you are active with in the LCAC.

We are tabling the elections for Co-Chairs or Chair and Vice until February. We will bring in paper ballots at the next meeting. Anyone interested in Chairing the LCAC please reach out to Cami or Amanda and let them know.
