**County level incentive measure report:** Paul McGinnis, Greater Oregon Behavioral Health Inc. (GOBHI) coordinated care organization integrations director, said next week Oregon Health Authority (OHA) would tell Eastern Oregon Coordinated Care Organization (EOCCO) it had met 13 of 17 incentive measures and would receive 100 percent of the amount withheld. More money may be available depending on how well other CCOs performed. Mr. McGinnis presented Lake County's progress report on incentive measures in 2018. Numbers presented were based on 2017 target percentages. Mr. McGinnis said the 2018 targets probably will be 3 percent higher. Mr. McGinnis urged Lake County to be at the June 26 Regional Community Advisory Council (RCAC) meeting, which Mr. Singh plans to attend.

- **Dental sealants:** Discussion arose around this incentive measure and improving the numbers in Lakeview. Mr. Singh said dental sealants will be included at this year's teen health fairs. Darwin Johnson (county planner, town council member, and Lakeview school board member) asked if Mr. Singh and Mary Ann Wren from Advantage Dental would talk to the school board about the importance of sealants. Mr. Johnson said he would be glad to support this project.

**Mental Health First Aid:** Jamie Davis, Oregon State University Extension Service, said there is a pressing need for youth Mental Health First Aid training, especially given a recent tragedy in North Lake. Her 4-H leaders would participate.
