Call to Order: The meeting was called to order at 9:00 am. by Sheree Smith.

Welcome & Introductions: Sheree thanked everyone for coming and everyone did a round table introduction.

Review of Minutes: Minutes of the previous meeting on August 2, 2018 were reviewed by all. One typographical error was identified (will instead of well). This will be fixed. A motion was made by to approve the minutes with the one correction by John Murray. Don Russell seconded the motion and the motion passed unanimously.

EOHLA Outreach Presentation: John Adams was unable to attend the meeting so Andrea gave a basic overview of the program and its goals. This group was formed 4 years ago with the goal to align all of the programs that have been initiated (i.e. primary care, dental, mental health, etc.) More to come on this.

Incentive Measure Progress: Copies of the summary reports were made available to everyone to view. We report on 9 of the 18 measures. Information on the other measures is not readily available. All measures affect the health of the communities and all take a lot of work. The new target goals for 2018 are out. We are making overall progress. Troy will look into getting some trend data. Troy managed to obtain some data on Mental Health Follow-Up after admission. Everyone was curious as to why Malheur County had such high numbers. There will be a metric for ED utilization for mental illness added. Troy will share the detailed measure definitions with Sheree who will e-mail them to the group.

Focus Group Follow-Up: Troy stated that the focus groups have been completed and transcribed. There were 3 meetings in Morrow Co. The results are being coded in order to better define the results.

LCAC Support Funds Request: Sheree stated that the LCAC receives \$10,000 per year in support funds. These are used for travel and food expenses, trainings and coordination efforts. Sheree submitted last year's budget and asked the group if they wanted to see any changes in allocation. The group discussed moving the funds from LCAC meeting support and supplies to EOCCO/OHP membership engagement activities. This would bring that line item up to \$1400. The other items would stand with the same budget as last year which was healthy meals for LCAC meetings at \$600 and FTE stipend for coordination & reporting of incentive funds at \$8000. Rollie Marshall moved to allocate the funds as discussed. Nicole Mahoney seconded the motion and the motion passed unanimously.
